

# MAURITSON

*Since 1868*

## Winemakers' Perspective

Our 2021 Rosé was made by whole-cluster pressing 100 percent Zinfandel. This practice produces lightly pigmented and delicate wines. The Rosé juice was also fermented entirely in stainless steel and has not gone through malolactic fermentation, preserving the bright, fresh, natural malic acid in the grapes.

This elegant Rose has a light pink rose petal hue with scents of sweet wild strawberry, fresh winter pomegranate seeds, crumbled slate and punctuated with traces of dried white chamomile blossom. Bone dry, its berry fruits and crushed river rock core give way to a long, refreshing, and energetic finish. Enjoy this wine over the next 12-18 months with lighter fare or while enjoying a picnic with family and friends!

Cheers,

Clay Mauritson
